Parents,

Clay County District Schools will offer a summer school program for students who have not successfully completed an academic course and, therefore, have not earned the credit towards graduation requirements. As always, the District and Middleburg High School want all students to meet the curriculum standards and, therefore, earn a high school diploma.

If students received a "D" or "F" in a core academic area course: English/Language Arts, Mathematics, Science, or Social Studies, they are eligible to attend the 2017 summer school session to recover this credit. Students will be utilizing the Compass software program with face-to-face interaction with their instructor. To register for credit recovery, please complete the online registration at this link: <https://tinyurl.com/ClayCounty-CreditRecovery>.
